Further reflection/discussion

What did you like about this passage?

What questions do you have?

What do we learn about people? God's heart?

What is something you need to apply based on this passage?

Think of the dirtiest or most despicable person you know -
how does God see them?

Why IS it so difficult to see people the way God sees them?

And what about yourself - think about all the warts you see in
yourself, all your big messes. What does Scripture say about
how God sees those (you) - in Jesus?

If you honestly asked the Lord, how do You want to work in
and thru me to help unleash the Good News today, what do
you think He might show you?

Who might be someone(s) with whom you've experienced a
kind of paroxysm? Someone you just don't get along with?
What is something the Lord might want to help you do in
order to help them see God's love and forgiveness?
